

International Lifetime Guarantee

Your Rotary Watch Movement is protected by the Rotary Watches International Lifetime Guarantee, under the terms and conditions of this warranty. The only condition to this warranty is that you return the watch to us for a professional service at least once every 3 years or when our reminder reaches you. Although servicing will be chargeable it will contribute to your Rotary's long life through cleaning, lubricating, replacement of any worn parts, regulating and full testing. The warranty comes into force only if the International Lifetime Guarantee has been registered correctly with Rotary Watches.

Furthermore, the warranty also covers all non-movement defects due to faulty material or workmanship subject to normal conditions within the first 2 years of use. This warranty does not cover,

Glass or leather straps.

Damage as a result of normal wear and tear, accidents, and general poor care, (including water damage where the crown has not been secured properly).

In case of defects covered by the warranty, your Rotary watch will, at the sole option of Rotary Watches, be repaired or replaced free of charge. The warranty becomes void in the event of servicing or repair of the watch by any person not duly authorised by Rotary Watches, with the exception of metal bracelet adjustment. You may have greater rights under local laws. Note, warranty work will only be carried out when accompanied by a dated proof of purchase or till receipt from an authorised Rotary stockist.

Should you require service for your watch, you may contact the Rotary Watches Service Centre on +44 (0)1702 337 061, or visit our website www.rotarywatches.com for additional instructions.

Rotary dealers and service centres are always at your disposal for both warranted or non-warranted repairs. All non-warranted work will attract an appropriate charge. For work carried out under warranty, the dealer or service centre may charge handling and postage.

Return your watch to an appointed dealer or to our service centre for battery removal/replacement

Part of our commitment to reduce paper usage
